Dear Sir:

I am enclosing a copy of a memorandum (Fisher Howe to Butterworth, 23 December 1949) which refers in paragraph one to a memorandum to the secretary of state signed by Robert A. Schow, Assistant Director, CIA, 15 November 1949. Ms. Sally Mark of the Diplomatic Branch, National Archives, made a search of the State Department files for the Schow memorandum for me without success. Paragraph four refers to a letter to the Director, CIA, being prepared in the State Department concerning intelligence operations in Manchuria.

I would like to request (under the Freedom of Information Act, if necessary), a copy of these communications and related documents if extant. If the cost of this research exceeds twenty-five dollars please inform me of the additional charges for my approval prior to their being incurred.

Thank you for your assistance.

Sincerely,

Encl.
